Spring 2023

Hello!

We hope this spring newsletter finds you doing well!

In this envelope you will find the **annual membership renewal form** and a self-addressed envelope. Your dues help cover the cost of the work and projects that are carried out on your behalf such as administration, property taxes, fish stocking, grass cutting, lake water testing, beach patrolling, furniture purchases for the beach, and liability insurance. Our goal is to create and maintain a pleasant and safe environment for the enjoyment of all our residents, and to provide assistance and information whenever we can.

The **annual general meeting** will be a **zoom meeting** again this year, set for May 14th. We are currently in the process of preparing an agenda. If you any suggestions or wish to give a presentation on a topic of local interest, let us know. We welcome participation on the part of our members.

You will be receiving an e-mail with further information. **If you are not presently on our e-mail list**, you can contact us at the address shown above.

The association is looking for a bilingual president, please contact us if interested- again at the address shown above.

We will start work on the boat racks when the snow is gone, and the ground frost is out.

An email will follow with reminders on Morin-Heights rules about open fires, responsibility of pets, light pollution, noise restrictions, beach rules and all usual guidelines of respect within a quiet wooded community.

Thank you from the Members of the Executive!
